ALPHABET POSTERS WITH REAL PHOTOS

WHAT'S INCLUDED?

- 26 alphabet posters with colour sight words (with alternative letter formations)
- 26 alphabet posters with black sight words (with alternative letter formations)
- Teacher guide

ABOUT THIS RESOURCE

Aim

The product is designed to help young learners learn the alphabet in a visual and meaningful way. The use of real-life photos makes it easier for children, especially those with special learning needs or for whom Afrikaans is a second language, to connect sounds and letters with concrete examples.

What concepts and skills are taught?

- Recognition of uppercase and lowercase letters
- Phonemic awareness (initial sounds)
- Visual discrimination
- Vocabulary development

RESOURCE

tion (with reference to the /G/ and

13 size depending on your needs.
imum colour" option before printing.
hem durable and reusable.
s, or use them as activity cards.

RCE

Décor:

it as a visual reference during reading

sting to each poster. Have the children
poster out loud.

nd discuss all the words that start with
-and-tell," bringing an item from home
it begins with.
